

MCIS offers new product

KUALA LUMPUR: MCIS Zurich Insurance Bhd has launched a new life insurance product called *MZ LadyCare*.

Dubbed as one of the most comprehensive products for ladies, *MZ LadyCare* will provide coverage for female customers aged 16 years and above, a company statement said.

Key benefits are female-related cancers, maternity benefit and Golden Year benefits (relating to osteoporosis and joint replacement).

It also provides for medical check-ups every three years for the policyholder. Additionally, on a promotional basis, the policy also offered convenient online access to medical advice as and when policyholders require it without the normal constraints of clinic or hospital opening hours, MCIS Zurich chief executive officer Md Adnan Md Zain said in his speech at the launch of the product last Thursday.

"In short, *MZ LadyCare* aims to afford

women the resources to detect and treat cancer and a host of other female-related diseases, as well as receive the necessary information on the diseases," he said.

He said MCIS Zurich was honoured to have been part of the recent *Wear It Pink 2* breast cancer awareness campaign where it organised talks to enhance public awareness and understanding on the matter.
